

Special Drive – QIP for the Regional Directors and Education Officers of CBWE

As a part of enhancing the quality of training programmes in organised, unorganised and rural sector programmes a Special Drive – Quality Improvement Programmes for the Regional Directors and Education officers have been introduced in CBWE from 2010-2011

Objective of the training :

- 1. To equip each of our officers with the knowledge on latest concept and tools to strengthen the quality and attributes to work as effective trainer so that each of our EOs can take up training for the trainees in industries and in unorganised and informal sectors on related topics.**
- 2. To be knowledgeable to implement TQM in CBWE.**
- 3. To utilise time of EOs and TFIS effectively to increase the productivity at least by 100% in organised and 20% in unorganised and Rural sectors as per the revised target (2010-11).**

During these programmes the participants are requested prepare on the subjects to be discussed.. This is an extensive training programme for which the participants have to be very keen in learning and developing competence on the subjects. They have to prepare lecture materials, to deliver lectures on the topics to be discussed during the training. This training is helpful in providing training to our clients in organized sector, unorganized sector and rural sector. All participants are requested to come prepared on the subjects who will be taught in the training programme. This Special Drive QIP is an exhaustive training programme to enhance the competence and capability of Regional Directors and Education Officers of CBWE. Each of the participants is expected to be involved in the training in the classroom for this extensive training programme.
