

INTRODUCTION

Central Board for Workers Education, an autonomous Body under the Ministry of Labour and Employment, Government of India, is a tripartite registered Society established in 1958 with a view to develop stronger and more effective trade unions, to promote the growth of democratic process and tradition in trade union organization and administration and to equip organised labour to take its place in a democratic society.

In addition to training Education Officers, Trainers and Workers in national, regional and unit level courses, the Board organizes special programmes on productivity, workers participation in management etc. Also the Board conducts a number of training courses for the workers in the unorganized and rural sectors. All these programmes are adequately supported by audio-visual aids, study material and labour literature produced by the Board.

Through its Grants-in-aid Scheme, the Board extends financial support to trade unions for conducting their own Workers Education Programmes.

The Grants-in-aid Scheme of the Central Board for Workers Education is meant to assist trade unions / institutions in developing their own Workers Education Programmes.

The Scheme was introduced in the year 1960 and had developed considerably since then. It was modified and improved from time to time, after taking into consideration suggestions and demands from the trade unions. The rules and procedures have been simplified to meet the trade union needs. Grants have been sanctioned to BMS, INTUC, AITUC, HMS, UTUC, NLO, NFITU, CITU, HMP and several All India Federations and independent trade unions.
